REQUEST FOR CERTIFICATE OF CORRECTION

Under the provisions of 37 C.F.R. §1.323, Cygnus Telecommunications Technology, LLC, assignee of U.S. Patent 5,883,964 issued March 16, 1999, requests correction of the following mistakes of clerical or minor nature made in good faith by the applicant:

1. In Figure 3, box 45, correct spelling of "prescribed".
2. In column 4, line 45, change "direct inward dial" to "call-back". The direct inward dial signal is the "calling party number" in line 44. The number looked up in storage is the call-back number, as explained at column 3, lines 11-18. The repetition of direct inward dial number at line 45 was a simple mistake.
3. In column 5, line 53, change "are" to — is --- to match the singular "number" in line 51.

01 FC:145

100.00.0P

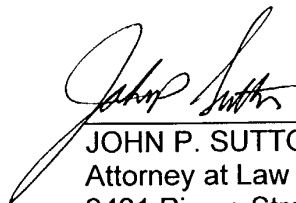

4. In column 5, line 57, change "makes" to --- make --- to match the plural "technologies" in line 56.
5. In column 7, line 19, correct spelling of "signaling".
6. In column 8, line 3, correct spelling of "dials".
7. In column 10, line 38, change the word "calling" to --- destination---.

It is clear that the destination is called through the second connection, not the calling party.

Attached is Check No. 1119 in the amount of \$100 as required by 37 C.F.R. § 1.20(a). Please charge any additional charges to deposit account 024470.

Dated: May 13, 2002

Respectfully submitted,
